2023 Sauvignon Blanc Timber Crest Vineyard Dry Creek Valley

Varietal: 100% Sauvignon Blanc
Appellation: Dry Creek Valley
Harvest: September 2023
Fermentation: 100% Barrel fermented, 15% New Acacia barrels
Alcohol: 12.7%

Vineyard Description:

The estate 120-acre Timber Crest Vineyard is located off Dry Creek Road. Our Sauvignon Blanc vineyard borders Dry Creek itself, directly across from the winery. The soil composition of this vineyard is Yolo Sandy Loam and the clone is Musqué. Our canopy management included an extensive amount of leaf pull at the basal leaf zone to filter in plenty of sunlight to the cluster.

Winemaker Notes:

We use native yeast, barrel ferment 100% of this wine and stir the less weekly to further enhance the texture and nuance of this varietal. With natural acidity and citrus elements bestowed by the earlier pick, this Sauvignon Blanc is a layered and complex wine.
